3:00 – 4:00 p.m. — Concurrent Breakout Sessions
4:00 Adjourn

Friday, March 2, 2007  9:00am-4:00pm

Day two features hands-on sessions on using NSF’s Fastlane system and grants.gov to develop and track proposals and monitor grants, geared toward project directors, support staff, and research administrators. These sessions will provide not only an overview of NSF Fastlane, but tips and tricks for all of the system’s different functions.
